

Ümit AĞBULUT

Department of Mechanical and Manufacturing Engineering.

Düzce University, Turkey.

Academic Studies in last 2 years

- **Ağbulut, Ü** & Saridemir, S. (2018) A General View To Converting Fossil Fuels To The More Clean Energy Source By Adding Nanoparticles. Journal Of Ambient Energy (Accepted, In Press)
- Uluer, O., Aktaş, M., Karaağaç, İ., Durmuş, G., Khanlari, A., **Ağbulut, Ü.**, & Çelik, D. N. (2018). Mathematical Calculation And Experimental Investigation Of Expanded Perlite Based Heat Insulation Materials' Thermal Conductivity Values. Journal Of Thermal Engineering, 4(5), 2274-2286.
- **Ağbulut, Ü.**, Ceylan İ., Ae, Gürel And A. Güngör. (2018) The History Of Greenhouse Gas Emissions And Relation With Nuclear Energy Policy: A View. Journal Of Ambient Energy (Accepted, In Press)
- Durmuş, G., Uluer, O., Aktaş, M., Karaağaç, İ., Khanlari, A., Ağbulut, Ü., & Çelik, D. N. (2017, March). A Study On Some Factors Affecting On Co 2 Curing Of Expanded Perlite Based Thermal Insulation Panel. In International Sustainable Buildings Symposium (Pp. 61-70). Springer, Cham.
- Saridemir, S., **Ağbulut, Ü.** (2018) Experimental Investigation Of Methanol-Gasoline Mixtures On Motor Vibration And Noise. International Academic Research Congress, Ines.
- **Ağbulut, Ü.**, & Bakır, H. 2018. The Investigation On Economic And Ecological Impacts Of Tendency To Electric Vehicles Instead Of Internal Combustion Engines. Düzce Üniversitesi Bilim Ve Teknoloji Dergisi, (Accepted, Article In Press.)
- Uluer, O., Karaagac, I., Aktas, M., Durmus, G., **Agbulut, U.**, Khanlari, A., & Celik, D. N. (2018). An Investigation Of Usability Of Expanded Perlite In Heat Insulation Technologies. Pamukkale University Journal Of Engineering Sciences-Pamukkale Universitesi Muhendislik Bilimleri Dergisi, 24(1), 36-42.
- Saridemir, S., **Ağbulut, Ü.** (2018) Investigation Of The Effects Of Fuel Injection Pressure On Noise Emissions. International Academic Research Congress, Ines.
- Uluer, O., Aktaş, M., Karaağaç, İ., Durmuş, G., Khanlari, A., **Ağbulut, Ü.**, & Çelik, D. N. (2017). Manufacturing Of Expanded Perlite Based Heat Insulation Material Using Theoretical Thermal Conductivity Prediction Model Results. In Istanbul International Conference On Progress In Applied Science 2017-Icpas.
